Portable Chargers

nimble **Portable Chargers**

LED Charge Status Indicator:

5 LED Power Gauge -
White LEDs indicate power levels when the status button is pressed and while charging the Portable Battery.

Multi-colored LED -
Indicates charge output status. Green for standard charging, orange for high-speed PD charging.

Instructions for proper usage:

- Connect your USB device/s to the Nimble Portable Charger using the included USB-C cable or the USB cable that came with your device/s. The Multi-colored LED illuminates while the Nimble Portable Charger is charging any USB devices.
- Recharge the Nimble Battery by connecting the included USB-C cable to a power source like a Nimble USB Wall Charger and then inserting the Type-C connector into the battery's port marked "in/out".

- Treat gently and avoid dropping or horseplay.
- Do not disassemble or attempt to modify in any way.
- Clean the product using a dry cloth. Do not expose to liquids.
- This battery should not be used in enclosed spaces to avoid risk of overheating. Avoid extreme heat, hot environments and direct sunlight when charging.
- Contact Nimble directly if your product stops working or becomes damaged.

Important:

Stop using this product if it becomes damaged, punctured, deformed or if there is any corrosion. Never dispose of batteries in the garbage. Take action and bring worn out batteries to your local battery recycling center or return to Nimble for responsible reclamation.

Warranty:

Nimble works to deliver the best, most environmentally friendly products possible. To back that up, this product is warranted for 2 years from date of purchase in case anything is defective. This warranty does not affect any statutory rights that you may be entitled to. Keep a copy of your purchase receipt as proof of purchase.
